Applying skills to everyday life

“I thought I knew it all and had how to go about my resume’s and interviews down. I was SO wrong that I started over on my resume. We could all use some more help to prepare for our future. It would be a shame to not take advantage of this course.”

Preparation for life as a professional

“I just wanted to personally thank you for all your help this semester. I was just offered and accepted my dream job as a pediatric hematology oncology nurse at the American Family Children’s Hospital in Madison, Wisconsin.

I know for a fact this class helped set me apart from other candidates and made me more confident throughout the whole process!”

Summary

- The UI STEP course:
  o Increases student confidence about career planning
  o Provides students with tangible skills they can directly apply to their lives
  o Prepares students for successful job searches and for life as a career professional
  o Supports students with helpful information they can use now in their roles as student employee

“Before I came into the classroom I had some ideas of how I would go about my future employment search, but this course gave me specific skills and tips on what I should be doing right now to improve my odds. I think taking this course gave me that much more confidence and a better idea of how I should be going about things over the next few years as I get closer to graduation and into the working world.” – UI STEP student
