

IOWA

The background of the slide features a photograph of the University of Iowa's Old Capitol building. The building is a large, light-colored stone structure with a prominent golden dome. Two flags, the American flag and the Iowa state flag, fly from a tall pole in front of the dome. The building is set on a green lawn with a paved walkway in the foreground. The sky is blue with some white clouds.

Welcome to the Iowa Scholarship Portal for Undergraduate Students!

The University of Iowa has hundreds of scholarship opportunities available. Opportunities can be a combination of general scholarships (open to all students) and departmental scholarships (restricted to students within a specific major or field of study). Scholarships may be recommended to you at different times throughout the year as applications become available, so we suggest visiting the Iowa Scholarship Portal often.

NOTE: The scholarships listed below have not been matched to you. Rather, this section lists scholarships available regardless of eligibility. To see applications/opportunities matched or recommended specifically to you (the student), you must log in and complete the General Application.

To be considered for scholarships that require financial need, you must have a *Free Application for Federal Student Aid (FAFSA)* on file. Additional information on filing a FAFSA is available from the Office of Student Financial Aid's [website](#).

Please take a moment to review the [University of Iowa Scholarship and Grant Policies](#).

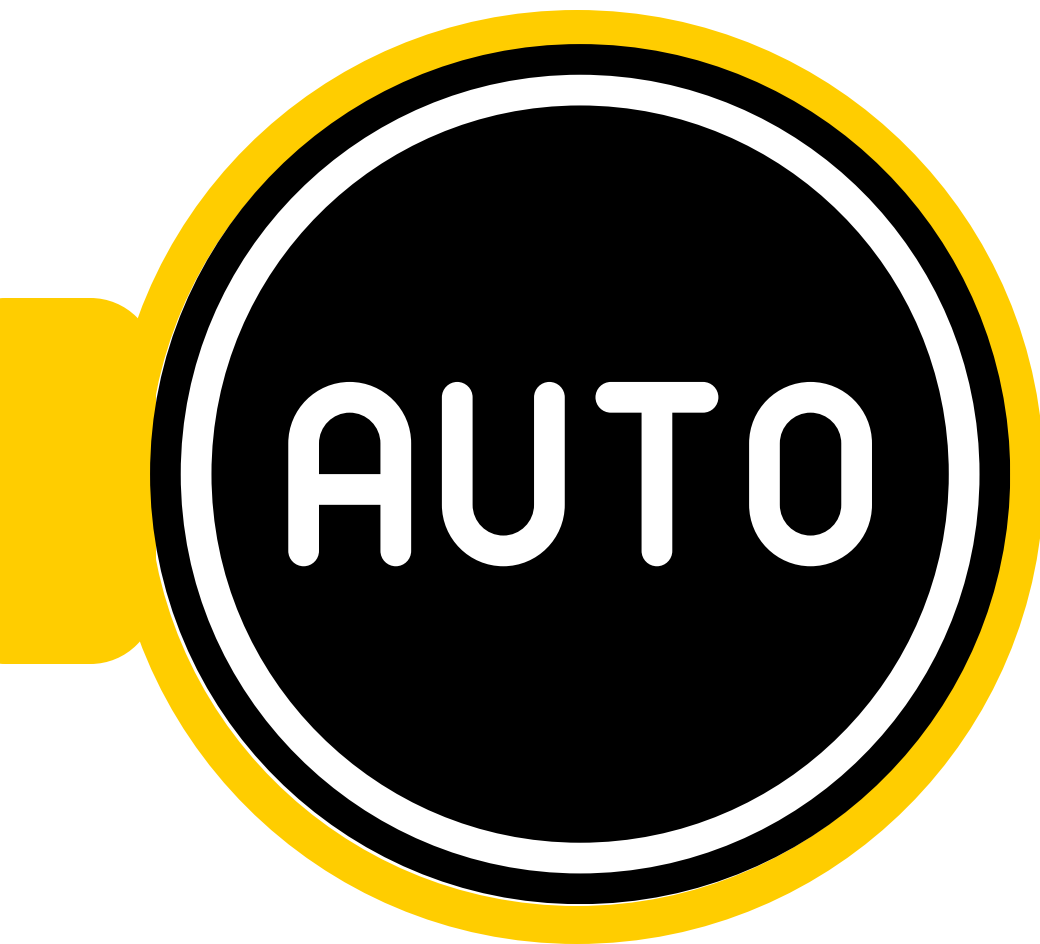

If you have any questions concerning the scholarship application process, please email adm-scholarship@uiowa.edu. You may also visit our [website](#) for additional instructions and helpful information.

Admitted and currently enrolled students: [Sign in using your Hawk ID and password](#) to begin the scholarship application process. Once logged in, the system will automatically direct you to required applications.

**Automatch* — If this term is noted under "Actions" below, students are automatically matched to be considered for these opportunities, if eligible, after completing their General Application and college or department level applications. College and department level applications are automatically made available to students after completing their General Application. Not all departments have additional applications, so depending on a student's program of study, they may or may not have one presented to them.
